

Car and life insurance

This course will explore the beginner vocabulary and concepts of insurance. Word-picture association, listening comprehension, a submit assignment to a tutor and a variety of exercises to evaluate learning will assist students in learning insurance basics. Students will also learn vocabulary through repetition, real-life situations and freeform questions to solidify vocabulary terms.

- 1 Insurance vocabulary
- 2 Typical situation - Telephone life insurance sales
- 3 Dialogue - Questions from a customer to an auto insurance representative
- 4 Consolidation
- 5 Additional Exercises
